FIRE DESTROYS OLD THIRD AVE. PROPERTY

During the very high wind on Wednesday night last fire was discovered in an old condemned building on Third avenue opposite the rink and after a strenuous half hour the fire ladders had the blaze quenched. The place has been occupied for two years and seeing that it was condemned a long time ago it will possibly be removed altogether now that there is little left but the walls. It is an eyesore anyway.

AGRICULTURAL DIRECTORS PREPARING FOR FAIR

At a meeting of the directors of the Wainwright Agricultural society on Saturday, it was decided that the prize list be prepared without delay and to this end we understand that any and all tradesmen who are desirous of advertising in this publication should get into touch with Mr. Bill Stuart, the secretary right away. The cost is not great, and the advertising value of such a medium cannot be gainsaid.

Other business of a routine nature was on the table, and all was dealt with with dispatch and from the way things are going, and the interest being evinced in the affair, the 1927 Wainwright Fair promises to give eclipse to all its predecessors!

***What is worth doing at all is worth doing well is an old saying which has many times proven its correctness. Soon you will be fixing up your implements for Spring work and as breakdowns in the fields are expensive in time as well as money you will want the best hardware for repairs. We have a stock of live young oak trees and full of life at the Atlas yard Phone 57.

High school inspector Fuller, who formerly resided at this point, visited the Wainwright school last week.

Wain. United Church Holds Annual Mtg.

Possibly the largest attended annual meeting ever held in the United church gathered last week to hear the annual reports of the various organizations connected with the activities of that denomination, upwards of eighty living on hand.

After opening the meeting with a hymn and prayer, the pastor asked for the election of a chairman for the meeting, this honor falling upon Mr. Huntingford. Mr. E. Frickleton was elected as secretary for the year. Having decided by vote that the annual report be read, it was adopted on a motion by Messrs. McInnis and Thornd.

The report from the Sessions Board was then read, and this showed that there are at present in full membership no less than 126 persons, 12 new members having been received since the last report. This statement also pointed out that a sum of over \$350.00 had been received for the year and forwarded to the Presbytery's maintenance and extension fund.

Reporting for the Board of Stewards, Mr. J. Dawson, pointed out that the church through all its departments had raised well over \$4,000.00 during the past year, and on this he believed constituted a record for local work in Wainwright. There was still a small balance in the bank, although at present a small portion of the salary, as well as the sum of \$175.24 on the manse mortgage was still outstanding. During the year the remainder of mortgage on the church had been wiped off entirely. There was also a further sum of money collected since which would be turned over to the new board.

The adoption of the report was moved by Mr. Frickleton and Mrs. Washburn and carried.

In reporting for the activities of the Sunday school, Mrs. W. Knowles the secretary, showed a substantial balance in bank after all accounts had been met. This lady gave the number of scholars as 120 with an average attendance of 86, and mentioned that there are now working some 14 teachers and officers in connection with this organization.

The report as presented was adopted. Mrs. F. Lepper, as president, reported for the Ladies' Aid. This society now has 25 members and there had had 12 meetings during the year. They raised by their efforts during the year no less than \$1,325.00 and that money carried out considerable improvements to the church property a few days on business last week.

CURLERS HOLD THEIR BIG ANNUAL MEETING & ELECT OFFICERS

A good turnout out of members of the Wainwright Curling club was held in the Town Hall last week, and after the routine business had been disposed of the following members were elected to fill the various offices for the 1927-28 season:—Hon. Pres.—Mr. H. Pawling. Pres.—Mr. W. Prosser. Sec.—Mr. J. Stuart. Sec. Treas.—Mr. R. Dunsmore. Executive Com.—Messrs. J. Mills, W. Pigeon and J. Cuthbertson.

After some discussion as to the amount of the annual fee, this was set at \$10.00 per member (with an extra dollar from those not owning rocks). The executive were instructed to get into touch with the committees who are working on the Confederation celebration, and to co-operate in every way to make the affair a success.

With regard to the sharpening of rocks, it was resolved that the club would be willing to pay half of the cost of having three pair sharpened, and owners of the rocks will have until October 1st to accept this offer and pay the balance; this of course not affecting ownership.

After passing a resolution giving authority to the president and secretary to sign cheque and transact bank business, the meeting adjourned.

Mr. Andy McLean paid a visit to the Spring horse show in the city and took along four of his best specimens, too!

WOMEN'S MISSIONARY SOCIETY ORGANISED

On Friday afternoon at the home of Mrs. G. Pybus, Mrs. J. Duclos, of Edmonton, gave a very inspiring and interesting address on the work of the W.M.S. at the close of which a local branch in connection with the Wainwright United church was formed with the following officers, in charge. Pres. Mrs. G. Pybus; vice-pres. Mrs. A. Watson; secretary, Mrs. G. Steel; treasurer, Mrs. H. Cousner. It was decided that the organization meet in the church on the second Tuesday of every month, and the ladies are asked to join up and help in the cause.

EASTER TO BE FITTINGLY OBSERVED AT THE CHURCHES

Easter comes at a glad season of the year. The festival itself, is both commemorative of the resurrection of Jesus Christ and as a memorial to the atonement wrought by the death of the Master upon the cross. It is hailed with great acclaim in all the Christian churches of the world. In Greek and Latin and in the languages derived from them, Easter was known as 'Pascha', 'Pasch', 'Pasqua', 'Pasqua', 'Pascua', etc., from the Chaldee word, 'Pascha', the equivalent of the Hebrew 'Pesach'. The 'Destroying Angel's' act is recalled by the last name in 'passing over' the households of the Hebrews when he smote the Egyptians, as disclosed in the twelfth chapter of Exodus.

The way by which Easter is determined is that of the first Sunday after the paschal full moon—the fourteenth day of the ecclesiastical moon, or the full moon which happens upon or next after March 21; and if the full moon happens on a Sunday, then Easter day is the first Sunday following.

As usual, Wainwright churches will observe Easter with elaborate programs. It is an event that the children and the grown-ups have learned to look forward to with much pleasurable anticipation; it is an event all should remember with some beautiful thought for the day.

The following are the programmes:

ST. THOMAS'
Services for the Easter festival will be held on Sunday at this church commencing with Holy Communion at 8.30 a.m. At 11 a.m. there will be a matins and Holy Communion followed by the usual Sunday school at noon. The adult confirmation class will meet at 2.30 p.m. and evenings at 8.30 a.m. At 11 a.m. the music at all these services will be appropriate to the occasion and the sermon topics will be in keeping.

On Good Friday morning prayer will be given at 11 a.m.

WAINWRIGHT UNITED
On Good Friday morning at 11 a.m. there will be an appropriate service at which Mrs. G. Hudson will render a solo number, and on Sunday morning at 11 a.m. the pastor will preach on an Easter theme. The music at this service will include Novello's 'Easter Hymn' by the choir with Mrs. Doug. Browne taking the solo movement. Mrs. H. Western will also render as a solo 'Sunrise'. 'Now is Christ risen from the dead.' At the evening service at 7.30, Mr. W. Clark will be the soloist in Bailey's anthem 'Our mighty Lord is risen' which the choir will render. Mrs. Geo. Hudson will sing as a solo the beautiful 'Ave Maria'. The violin obligato will be played by Mr. Alec Adams while Mrs. J. Telford will officiate at the organ and piano.

ST. LUKE'S
At St. Luke's (R.C.) church on Easter morning high mass will be sung at 11 a.m. special music by the choir consisting of Wigan's beautiful 'Mass of the Inmaculate Conception'. The offertory hymn will be Battman's harmonisation of the well known 'Regina Coeli' and in addition Mr. W. Goulet will render as a solo, 'Hosanna' by Granier. The sermon topic by Rev. Father Murphy will be 'The resurrection—our Saviour's victory over death, the synagogue and slavery.'

ST. ANDREW'S
At the bible school at 11 a.m. on Sunday morning the pastor will speak 'The evidence for and against the resurrection of Jesus', while in the Roman criminal and Jewish gentleman. During the evening service two solos will be rendered by Miss I. Lilly and Mrs. W. Carrell respectively. The latter lady's number will be 'Humility'.

REMEMBERING VIMY BY BIG DANCE AT THE ELITE THEATRE

Ten years ago—on Easter Monday, April 9th, 1927 to be correct the Canadian troops nobly assisted by other British forces in France went 'over the top' at Vimy ridge and made history which will live forever in the hearts of the red-blooded nations of the world.

Last Friday evening at the theatre the local branch of the Canadian legion of the British Empire Service League celebrated the event in due style with a dance and get-together, and a right merry time was spent by all in attendance.

The Stoll orchestra handled the 'tooting' and many an old familiar tune reminded the boys of 'pill box', 'jump', and 'Eighty', and tickled the toes of the large number of war-scarred heroes who are 'on parade' for the gathering.

The boys who 'dry cation' got busy with the result that a splendid supper was served which called forth happy comparison with a former 'iron ration' with which most of those present had real personal relations on the occasion of the big drive, which was being recalled at this anniversary.

With everyone in his happy 'lights on' sounded about 3 a.m. We understand that the Interior Oil company has now been re-organized. A large number of Winnipeg capitalists are now interested in this field, and we believe a Mr. Smith from Winnipeg will be moved here to hold down the job of field manager.

***The Atlas Lumber Co. are now unloading several cars of lumber brick, plaster board and other supplies to take care of the building requirements for this season.

Wainwright Couple Joined in Wedlock

St. Thomas' church was prettily decorated for a happy function on Wednesday last when Miss Dorothy Jean, youngest daughter of Mr. and Mrs. Geo. Primrose, of Wainwright was united in marriage to Mr. Reginald E. Bean, of Heath. The Rev. A. Love, vicar of St. Thomas' presided at the altar.

The bride, who was prettily attired in a wedding gown of white chiffon tulle, wore the traditional bridal veil made in cap style of tulle and real lace, surmounted with orange blossoms, and carried a large shower bouquet of Opheleia roses and lilies of the valley. Her only ornament was a necklace of pearls.

She entered the church on the arm of Mr. M. Cardell, who gave her away and was attended by Mrs. W. Washburn as matron of honor, who wore a handsome gown of begonia colored georgette beaded in silver, with silver shoes. A ribbon hat to match the gown completed this costume. This lady carried a beautiful bouquet of pale pink roses and ferns.

The bridegroom was supported at the altar by Mr. W. Washburn, while Mr. J. Stuart and Mr. S. Bowerman acted as ushers, the latter officer being in charge of the party.

After the ceremony the guests to the number of sixty repaired to the home of the bride's mother where the newly-weds were the recipients of a shower of congratulations beneath a prettily-arranged bower of pink and white carnations surrounded by a large wedding bell, the same color completing the decorative scheme of the rooms.

In offering a toast to the bride Mr. H. Pawling spoke in felicitous terms of this young lady, remembering her childhood days spent in the city, and the groom responded in a few happy phrases. In toasting the bridegroom Mr. G. Hudson did justice to the occasion while Mr. Washburn responded to this with a short speech in delightfully humorous vein.

The bridegroom's gift to the bride was a handsome sapphire brooch, he receiving at the hands of his 'fayre lady' a set of white gold cuff links. The groom's gift to the matron of honor was a gold chain mesh chape-laine bag, while the best man was the recipient of an Equus leather satchel. The organist, Miss M. Turner, who officiated at the church for the ceremony and played the customary wedding marches was presented by the groom with a dainty perfume.

The bride's going away costume was of sapphire blue trimmed with

WOMEN'S SPECIALTY CELEBRATES BIRTHDAY

On Friday last a large number of our town ladies gave themselves the pleasure of attendance at the fifth birthday party of the Women's Specialty Shoppe, and an enjoyable time was spent in visiting. The upstairs showroom had been prepared as a reception room, and here the guests were regaled with tea and birthday cake, and the whole affair proved a happy and commemorative event.

LOCAL OPTION VOTES PLANNED

EDMONTON—some more local option votes are in prospect and will be taken, it is expected, during May. Among the places thus seeking a popular decision on the 'wet or dry' question will be the hamlet of Galahad and the incorporated village of Minburn. The former has already been declared a local option area for the purpose of taking a plebiscite, and in the latter a petition is now being circulated.

Ethelwyn municipality is also preparing for a vote and a petition is understood to be under way at Manyberries, in the southern part of the province. In the former case the vote will cover a large territory taking in the entire municipal area.

CARVING FROM STUMPS WINS FAME FOR INDIAN

With chisels, mallet, and a few others as his tools, John Clark an Indian in the Glacier National park reserve, has won wide recognition for his realistic carvings of animals and other subjects, says Popular Mechanics Magazine. As shown in an accompanying photograph, he does his work from live models, the dog here being one of his favorite puppies. Samples of his skill are on exhibition in various art museums.

OLD TIME COWBOYS NOT LIKE THOSE OF PRESENT DAY WEST

That the former range rider, cow puncher or cowboy was never of a cut-to-pattern type so far as clothes and equipment were concerned, was revealed during the filming of 'Whispering Smith', which comes to the theatre Friday and Sat. next.

This story of early railroad days in the West, of cattle rustlers and freight train bandits, written by Frank H. Spearman and Joe Le Fors—the original 'Whispering Smith', assisting Mr. Melford in the work. Le Fors, a former U.S. Deputy Marshall in Wyoming, Arizona and New Mexico, told Director Melford that chaps, loud checked shirts and pearl-handled shootin' irons were unknown in his day.

When the boys rode a round-up, they wore leggings and on these occasionally only. As for the plain blue overalls and boots, with dark fannel shirt and a worthless hat comprised their wardrobe. And their guns were more practical, without all the fancy carved barrels and gold inlaid pearl handles.

And few men ever carried a gun more than two years—they always bought new guns about every two years—for when you are tramping down a desperado, the one important item in your equipment is your revolver or rifle—as it was generally a matter of getting the first shot that ended the argument.

'Yes,' continued Le Fors, 'I still have my original Colts revolver—the one that brought in eighteen men in two years, but I also have several others and they are as good today as they were thirty years ago.' The characters represented in this screen version of 'Whispering Smith' are as true to life as memory will permit. Each player was dressed and 'quipped' as were his prototypes years ago. So do not expect flashy dressed cowboys, modern sets and ideas in 'Whispering Smith', but the genuine article—for you will see them in this production.

Dear Sir: May I encroach upon your valuable space to address the Citizens of Wainwright?

It has been suggested that in view of the fact that this year is the Diamond Jubilee of Confederation, it would be a most fitting occasion upon which to leave behind, some memento which would commemorate this great occasion, and at the same time be of some benefit to our community.

With this idea in view, a plan to lay out a public park on the site reserved for this purpose, namely the east side of Main St. and between 3rd and 4th Ave., has already been launched, but this undertaking can only become an accomplished success by the co-operation of those loyal citizens who take an interest and pride in their Home Town.

The laying out of a park,

The New and Finer PONTIAC SIX

**Its Smoothness and
Beauty Will Thrill You**

THE announcement of a New and Finer Pontiac Six—built in the great, new General Motors plants—justifies high expectations. Yet even this scarcely prepares you for the thrill of real delight you experience as you see the New and Finer Pontiac Six, and ride in it for the first time. Here are all the smoothness, power and stamina for which Pontiac Six won such unstinted praise last year. Here is the economy for which Pontiac Six became so quickly renowned. Here is all that made Pontiac Six, in its first year, the greatest success of all motor car history. But in addition, here is a new BEAUTY—new, Fisher Bodies, lower, longer, more graceful; new, higher radiator, new, appealing shades of Duco. Here is a car that commands a second admiring look wherever it appears.

The New and Finer Pontiac Six is a car of dashing appearance, built to perform outstandingly. It merits your close inspection, as its new, lower prices warrant your serious consideration.

OUR HONORED DEAD

AT VIMY RIDGE

Lol! the tide of life rolls on,
Bearing all our cares away.
But there's thoughts that are not gone
Of them who fell in battles away.

They were brave, and strong,
And tender,
Our protectors; our defenders.

They were brave in every manner,
On Vimy Heights so far away,
Dying round the crimson banner,
Lying there from day to day.

Honor them, though they're dead;
For us they died, they fought,
They bled.

Now they lie 'neath great, tufted cold,
In a land 'yond ocean blue;
In our memory still they live,
As when they left for fields away.

Honor them; forget them not;
They were not sold; their lives
were bought.

In all you will not find one
Who did not die—for country's sake,
Died as soldiers die; and proudly
Laid their tribute at the stake.

Honor them, though they are gone,
Honor them, yea, everyone.

On "Judgment day" they shall arise,
When trumpets call o'er land and sea,
They shall wake in Paradise,
Arise from moor, from land, from sea.

Each one shall arise to face
Honor them—their sacred name.

Around them all shall banners fly,
And pennons blaze of every hue;
Then don't forget that they did die,
Died for their country, and for you.

And you shall meet them face to face,
Brave hearts—brave men of every race.

Honor them—though they are dead,
For they shall arise again,
With crowns upon each stately head,
Brave, true soldiers—brave men.

Honor them, though they are dead,
For us they died, they fought,
They bled.

Nettie Pickard.

JUBILEE OF CONFEDERATION

It is surely most fitting that Wainwright and district should do honor to the diamond jubilee of the Confederation of Canada which is to be held in July 1st next, and the meeting which is announced in another column by the Mayor should see a goodly number out on Thursday so that ALL organizations of the whole community may be presented and have a voice in the arrangements which will be made for the proper and fitting conclusion of so marked an epoch in the history of our Fair Dominion. Therefore, be on hand and assist to the full extent of your capacity in any move which might help in the celebration being fully and joyously carried through.

ROASTING THE GOOSE THAT LAYS THE GOLDEN EGG

To kill the goose that lays the golden egg has passed into a proverb for foolishness, and yet we, patriotic and intelligent Canadians, are doing that very thing in allowing our forests to be burned to death. We are doing even worse than the people of the proverb for they at least had one dish of roast goose, however costly, but our "roast" forests provide not a single meal for any human being. Presumably the man of the proverb did not injure the remainder of his flock, but we in burning our forests singe the Agricultural goose, that lays the largest golden egg of all our magnificent flock of Canada geese.

***Several carloads of lumber have now started to roll into town for the Spring stock of the Atlas Lumber Co. Get your orders in early; we'll help you to do the figuring on whatever you want to build. Joe Welch, mgr.

Canadian National European Tours

A maximum of travel through particularly interesting countries at a minimum of expense is provided in the Canadian National Educational Tours this summer through Scotland, England, France, Belgium, Switzerland and Italy.

Two tours have been arranged and sailing will be made from Montreal July 8, on the S.S. "Andania," direct to Glasgow. Very careful attention has been given to itineraries involved. Tour No. 1 is a 37-day trip on sea and land visiting important cities in Scotland, England, France, Belgium, Switzerland. All expenses, \$372.50, Montreal to Great Britain and the Continent and return to Montreal.

Tour No. 2 is a 51-day trip on sea and land, visiting in Scotland, England, France, Belgium, Switzerland and Italy. All expenses, \$501.00, Montreal to Great Britain and the Continent and return to Montreal.

There will be low excursion fares to the seaboard from points in the Prairie Provinces. These tours will be personally conducted from Western Canada, and while overseas will be under the direct care and supervision of thoroughly responsible and reliable organization, fully qualified in every particular to successfully look after the interests of our patrons.

The sight-seeing program is very complete and generous. Motor coaches and automobiles are freely used. All sight-seeing is well planned to save unnecessary fatigue and to see the worth-while places within the time at our disposal. Competent lecturers will reveal to our patrons the outstanding features, literary, historic, artistic or scenic of the Old World centres visited.

Mr. Geo. Harper, local agent for the Canadian National Railways, will be glad to discuss these tours and arrange all details. 25-5

LITTLE CHANCE FOR COMMON SNEAK THIEVES
 LONDON—It will be possible to flood the vaults of the Bank of England from a distance of 10 miles when reconstruction of the system is completed, according to an announcement today. In case of invasion or revolution the bank could be flooded from one point within the institution itself or elsewhere in the city of London, and finally from a point 10 miles distant from the metropolis.
 The concrete blocks employed in the defence of the bank are interlinked with electric wires and should any be removed an alarm would be immediately given.

WATCH YOUR SEED FOR POTATO PLANTING
 Severe and careful grading of potatoes intended for seed and the discarding of all abnormal tubers during cutting operations is not only commendable, but absolutely essential if the maximum return from the crop is to be expected.
 It is extremely fortunate that the majority of diseases which attack the potato decreasing if not entirely ruining the crop, manifest themselves in the tubers before planting time. Therefore removal of this source of contamination, insures the crop to a remarkable degree.
 Before cutting the seed run the stock over a hand rack and remove all tubers that are off-type or under three ounces in weight; all showing black scurf and anything showing brown necrotic lesions on the surface or of any kind no matter how slight. Even during careful grading certain diseased tubers will pass by unnoticed, therefore unless the greatest care is taken the object will be defeated.
 Upon the completion of judicious grading there is still another step. There are many internal abnormalities such as black heart, stem and browning or internal necrosis which can only be observed after the tuber is cut. Under no circumstances should sets exhibiting these conditions be planted.
 How many farmers would raise progeny from animals known to be diseased and of inferior type or plant grain harvested from badly smutted fields and expect to be recompensed for their efforts? Then why expect so much from a potato? Show a little foresight. You can't expect to sell all your marketable stock and keep the seconds for your own planting without paying the penalty. As long as a set when planted, has an eye that is all some people think is necessary to secure satisfactory returns. The laws of nature cannot be disputed; a man can harvest only what he plants. If only carefully selected seed is used for planting the resulting crop will more than compensate for the labor expended.

JACK HOLT & MONTAGU LOVE HAVE IT OUT ON THE ANCIENT HIGHWAY
 Traveling all around the world with one objective in view to find the man who had caused his father's death culminates into one of the most sensational screen fights ever filmed by the camera.
 It takes place during the action of 'The Ancient Highway', a Paramount production by Irvin Willat, from the story by James Oliver Curwood which will be shown on Mon. and Tues. at the theatre.
 The principals are Jack Holt, and Montagu Love, famous heavy of the screen, who recently completed a vaudeville tour of the country, lasting more than a year.
 Both Holt and Love are super-athletes, and Willat insisted on realism while the cranks were turning.
 He got such realism that scores of stars and other players not engaged on their own pictures during the filming of the scene, crowded the big stage and claimed more real blows landed in half the bouts at the Hollywood American Legion Stadium.
 Billie Dove is featured in the feminine lead in 'The Ancient Highway' Lloyd Whitlock and Marjorie Bonnor head the strong supporting cast.

IT PAYS YOU TO PLANT GOOD SEED
 This is the time of year when seed is perhaps the most important of all questions. It takes just as much hard work to plant poor seed as good seed, the same land is occupied and harvest costs are practically the same, but good seed will give a return greater by many bushels per acre. The attention now given to the selection and testing of seed will be the most profitable employment of time which will be made during the year. In this connection the Manitoba department of Agriculture has issued two circulars, one entitled 'Good Seed Pays', and the other 'Prevention of Cereal Smuts', and also a pamphlet on 'Cleaning Seed' by Professor Harrison. These publications should be procured and carefully studied. Six practical recommendations are made: Have seed grain tested for germination; clean seed grain properly; do not sow mixed varieties; select varieties approved for your district; sow five or ten acres of registered seed annually on clean land; treat seed grain annually for smut.

THE EXAMINER'S WEEKLY REVIEW OF PROV. MARKETS
CATTLE
 BEEF—Good grade of butcher cattle at Edmonton found the demand decidedly keen. Choice heavy steers brought from \$7.75 to \$8.25; medium light \$6.50 to \$7.25; medium \$6.50 to \$7.25; common \$4.50 to \$6.75; choice heifers \$7.25 to \$7.75; good \$6.75 to \$7.25; choice cows \$6.25 to \$6.50; good \$5.75 to \$6.25; medium \$5.25 to \$5.50; common \$4.40 to \$5.25; canners \$2.25 to \$3.25. Choice \$4.40 to \$4.25; medium \$3.25 to \$3.75; canners \$2.50 to \$2.75. Choice calves \$10 to \$12; common \$3 to \$6.
 FEEDERS—STOCKERS—Trade continues to be active; feeder steers bringing from \$5 to \$5.25; stock steers \$4 to \$5.75; stock heifers \$3 to \$3.50; stock cows \$3 to \$4.25.
HOGS
 Edmonton quotations are \$10.50 for thick smooths with usual premiums.
SHEEP
 Markets at Calgary and Edmonton are holding about steady with last week.
GRAIN
 Farmers in some districts have already commenced work on the land. Farm labor question this year not expected to be hard one, as there seems to be plenty of men looking for employment.
CREAM—BUTTER—MILK
 CREAM—Slight increase being reported, especially by country creameries, some of which say make double what it was last week. Creamery butter-made has not become sufficiently large to handle trade as yet. Carload of New Zealand butter reported to have arrived on Calgary market, from Vancouver, last week. (Wednesday). Coast trade is quiet while Montreal weakening. DAILY BUTTER—No change noticeable in this market. MILK—Prices are unchanged.
POULTRY—EGGS
 POULTRY—Storage stuff still handles bulk trade, and this is said to be getting low. Fresh killed and live birds hard to get. Prices unchanged. EGGS—Further decline took place in this market on Monday of this week. Dealers now quote 22 @24 for extras; firsts 20 @22 and seconds 16 @19c number of eggs now being moved into storage.
 Receipts on market are light, but jobbers expect quite a few offerings as soon as roads clear up to permit travelling. Quotation of \$20 to \$23.50 per ton prevailing. Number of scabby and cracked spuds being handled.
HAY—GREENFEED—OATS
 HAY—Quite a quantity of poor hay being offered to country point buyers at low prices but they don't want to handle it. Good hay deliveries not over plentiful. Prices show no change. Large receipts on Edmonton market. Calgary market finds good demand but offerings hinder active business. GREENFEED—Calgary market handling improved quality offerings; country point buyers find trade a little slow. Prices steady. FEED OATS—Good demand, but little receipts are very little.
USE OF WASTE
 PAPER SAVES FIFTY MILLION YEARLY
 American industry saves more than \$50,000,000 a year by utilization of waste paper according to a survey just completed in New York, says Popular Mechanics Magazine. In that city alone, approximately 5,000 tons of material is collected and reclaimed each week. More of it is gathered up by the individual junk man and sold to a larger dealer who in turn sells it to the paper manufacturer where the process is started all over again. The cycle is so well defined that it is regarded as entirely possible that a man may read his newspaper by the fireside one evening, and six months later go to live in a new building that has his paper inside its walls.

A lighted match, a cigarette butt, thrown down carelessly in the woods, or a campfire left smoldering, may cost you your job. It is up to you; be careful of fire when in the woods.

HAPPENINGS OF LOCAL INTEREST

FRIDAY NEXT IS GOOD FRI-
DAY, AND WILL, OF COURSE,
SEE ALL THE BUSINESS
PLACES IN TOWN CLOSED
FOR THE HOLIDAY

BORN.—To Mr. and Mrs. E. Reidel
on April 9th, a girl, 11½ lbs. Mother
and baby both well.

Who is THE CHEERFUL LIAR?

***Joe Welch is making a specialty
of automobile insurance this year. He
will insure your "bug" against fire,
theft, damage; against collisions and
pay all lawsuits up to \$10,000 you may
become involved in through injury to
persons. The rates are low. Phone 57.

We learn that the boiler at the In-
terior well is being re-tubed this
week in preparation for another early
start on making a hole.

Last week end Mr. Ayres of the
Kling-Del Refinery moved his family
into the Martin house on Fifth
avenue.

We hear rumors that the summer
schedule for the "local" through Wain-
wright (last years 3 and 4) is to go
into effect about May the first. Let's
hope so anyway! The rumors also in-
clude the bringing back of the shops
and offices from Biggar to the Wain-
wright one more (Where they really
belong too!) but of this no definite
knowledge can be gained.

The attention of our readers is
drawn to the announcement by the
Mayor calling a meeting of all or-
ganisations of our town and district
for Thursday April 21st regarding
the Jubilee celebration, which ap-
pears on page three of this issue.

The hearny at the depot has
changed hands, this time Mr. and
Mrs. G. Robinson having taking over
the control.

Mr. and Mrs. G. Davy who have
been at the coast all winter returned
home this week end. George is pre-
paring to get busy on the farm.

Mr. and Mrs. Fieldhouse left for
the coast on Monday's train on business.

***Read Billings' advt on page three
of this issue, and then don't forget to
order your Hot Cross Buns early. A
phone call will secure your needs.

Little Miss Eileen Montgomery
was taken to the city last week for
a special medical examination, Mrs.
Montgomery acting as chaperone.

Mrs. Billings has been entertaining
a visitor for a short holiday in the
person of Mrs. Murray of Saskatoon.

Sure signs of Spring! Bluebirds
are flying here quite numerous and
the grass is already showing green in
spots around town.

***The Atlas yard have a big fresh
stock of building material on hand
and will figure your estimates FREE
Call Joe Welch at 57.

This week has seen the inspectors
at work at the local branch of the
Royal bank in town.

Mr. M. R. Covell, of Winnipeg
has been in town for some days in
connection with oil business of the
Interior company and the local re-
finery.

We are glad to hear that Mr. Elmer
Jackson who has been suffering for
the past couple of weeks from an
attack of the "flu," is now much better.

By casting your eye over the splen-
did array of prizes in Patterson's
store window you will get a wonder-
ful incentive to attend the big benefit
whist drive and dance on April 19th
in the theatre. Get your ticket early.

Mr. Ken Stroud, who has been
visiting relatives in the States during
the past winter has now returned
home.

Mr. and Mrs. H. Lusk were up
from Biggar over the week end, and
while here arranged to ship their
furniture to their new home there.

Miss Ina Crowe is now at the Wom-
en's Specialty Shoppe where she will
learn the duties of clerking and the
salesmanship of all the pretties!

***Thieves stole 60,000 cars last year;
all of them good ones. If you have a
new car, a few dollars will replace it
if it is stolen or burned. Ask Joe
Welch about this; it's worth it!

We are glad to report that the op-
eration which Mr. C. Turner (Dad)
underwent at the Royal Alex. hospital
on Monday morning was entirely suc-
cessful. We wish for him a speedy
return to his home fully restored to
health.

Mr. E. Frickleton was out on Sun-
day driving his new Star car around.

We learn that Mr. J. Clifford having
sold his latest purchase in house prop-
erty, will be moving back to his
former residence on King street.

***If you want a good clean job, and
want it done quickly call on Frank
Stott for all kinds of interior decora-
ting. Phone 163.

The new Pontiac coupe which Mr.
W. Yeager has secured is certainly a
beautiful machine, and its a good
guess that the new owner thinks the
same.

Mr. and Mrs. H. A. Lewis are
moving their family out to the farm
for the summer, during this week.

One of the latest purchasers of a
new Chevrolet coach is Capt. A. Ed-
wards, our new school inspector.

During the past week another case
of scarlet fever has appeared in town,
and as a precautionary measure the
M.H.O., Dr. Wallace has had the
big school fumigated. The theatre and
post office also received the same
treatment over the week end, and it
is quite possible that all other public
buildings, such as churches, etc., will
be given the same attention. "An
ounce of prevention is better than a
pound of cure!"

Arrangements are now complete
for the presentation by the Boys
club of St. Luke's church of an op-
eretta entitled "Jigamaree" at the
theatre on Friday April 22nd. A full
house is hoped for.

BUSINESS MEN WISHING

***Farmers: The roads will soon be
in shape to haul out your tamarack
corner and gate posts from the Atlas
Lumber Co. Joe Welch, phone 57.

Mr. Eli Blinn is moving into one
of the brick houses on Eighth ave-
nue west this week with his wife.

Who is THE CHEERFUL LIAR?

Mr. J. Amboe, who is employed by
Well-driller Schickel had the misfor-
tune to badly smash his hand while
working with the machine last week.
He is getting along all right now.

The truck driver for the Kling-Del
refinery, Mr. Blower, is renting the
Frates bungalow on Fifth avenue.

***Don't Forget! Imperial Oil Ltd.
Tractor Oils are still 90¢ and \$1.00
per gallon by the barrel. See the agent
and book your order NOW.

Repairs are being made these days
on the cottage occupied by Dr. Cour-
sier on Sixth avenue.

Mr. and Mrs. Sam Kitchen have
now returned from Vancouver, and
they are moving on to their farm at
Baxter lake for the summer.

Mr. and Mrs. W. Gano were out
on Sunday driving their new Chev-
rolet coach, while George Ross was
giving his new Pontiac six a trial
spin.

***Muresco, kalsomine, floor and
wall paints. Big selection of colors
at the Atlas yard. Phone 57. Joe
Welch.

Despite the cold and backward
Spring, cars are now getting into
town from several points in the
country, although most of the roads
off the main highways are still im-
passable for autos.

The local students at Camrose nor-
mal school are being looked for this
week to spend the Easter holidays
with their parents. These include Miss
Bessie Welch, Miss Emma Kinghorn,
and Mr. G. Taylor.

***Spring is here, and house cleaning
time too! Phone 163 to Frank Stott
to do your paperhanging. Service
and satisfaction.

During the Easter school holidays,
Miss M. Kain at Leduc, while Miss Ranks proposes
to pay a visit to Edmonton and Cam-
rose.

By the co-operation of the Town
and the C.N.R., the southern portion
of Main street has now been all re-
cinded. This makes a profitable im-
provement, too!

***Mr. M. Misener, the piano tuner
of Edmonton will be in Wainwright
and district early in May. If in need
of his services orders left at The
Star office will receive prompt atten-
tion.

The bills are out announcing that
a sailors' operetta "Jigamaree" will
be presented on Friday, April 22nd.
This is being presented under the
direction of Father Murphy, and as
this gentleman has been very suc-
cessful in this work before coming to
Wainwright, an interesting evening
can be assured. Save the date.

**SIXTEEN MILLION HOMES IN
U. S. NOW ELECTRIC LIGHTED**

More than 68,000,000 persons in
the United States now use electricity
in preference to other lightening
mediums, according to a recent sur-
vey says Popular Mechanics Maga-
zine. In the last ten years, the num-
ber of installations has tripled, the
total being 16,000,000, exclusive of
those having private plants. The
rapid increase in building and grow-
ing wealth are factors largely re-
sponsible for the spread of electric
lights, it is said. In 1926 the eastern
and western sections of the country
called for more electric installations
than any other portions.

SPRING'S AGRICULTURE

The boys are playing dibs on the
sidewalks.
Several are giving the house a coat
of paint.

The crows and gophers are mak-
ing their appearance.

The blacksmiths are busy on plow-
shares and repairing of farm machin-
ery.

Garden seeds on display in our
local stores.
Longer days and shorter nights.

**PIG FARM IN NEW YORK
PARK YIELDS GOOD PROFIT**

The sign "Pigs for Sale" greets the
visitor in Central park, New York,
within walking distance of fashionable
Fifth avenue, says Popular Mecha-
nics Magazine. It is not a joke but
an official notice, for pigs are raised
and sold at the zoo, and the business
has been so successful that it has
defrayed the cost of the barnyard,
cows, goats ducks and chickens ac-
cording to the keeper. Ten dollars
for a young pig is the prevailing
price and more than 200 of them
have passed out of the city's hands
into those of private owners.
